

13_swallowed.py

```
def attack(pokemon, move, *targets, crit=False):  
    return targets, crit  
  
print(attack("Pikachu", "Thunderbolt", "Onix", True))
```

Хотели крит. Что в crit?

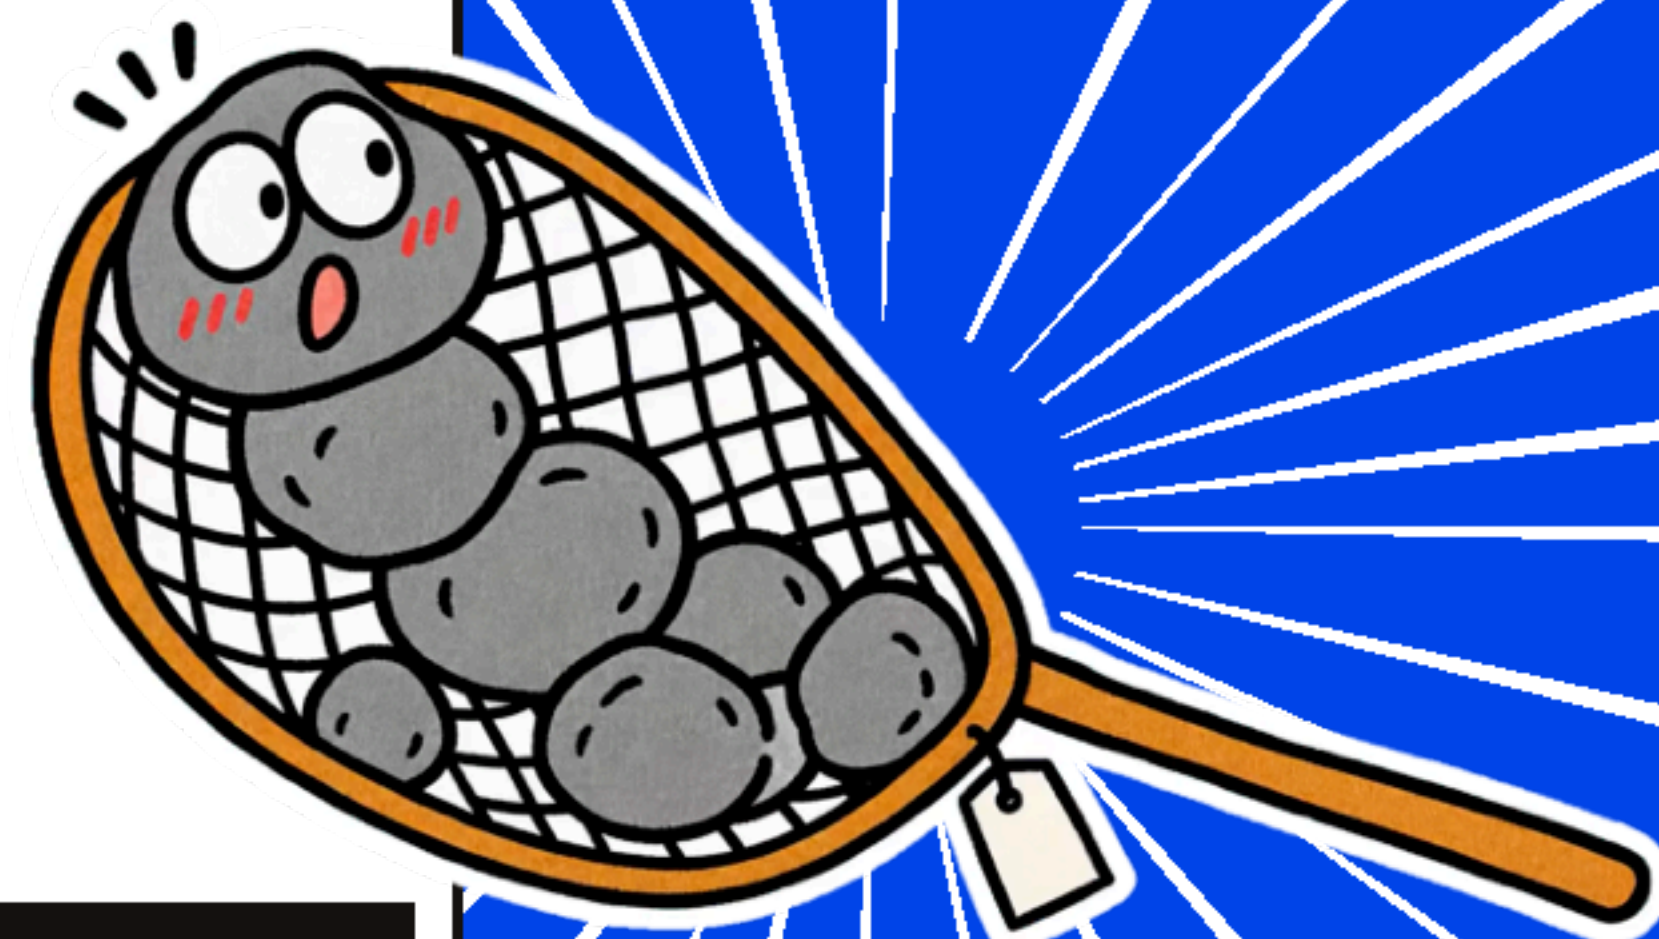

A | True**B** | False**C** | TypeError

13_swallowed.py

```
def attack(pokemon, move, *targets, crit=False):  
    return targets, crit
```

```
print(attack("Pikachu", "Thunderbolt", "Onix", True))
```

```
(( 'Onix', True), False)
```

Сачок молчит: True уехал в targets

ВО ВРЕМЯ ВЫЗОВА

✎ куда уехал True?
